

## Migrating Your Mailbox—Stress Free

*Transform your email platform experience.*

Whatever your current email platform, we can help you migrate your mailboxes to Exchange Online so that your business can start reaping the benefits

To find out more about how we can support you through migrating your email platform:

### Call us

HQ—[+44 \(0\) 1364 654 200](tel:+44(0)1364654200)

EMEA—[+44 \(0\) 1364 654 200](tel:+44(0)1364654200)

EMEA—[hello@cloudknowhow.eu](mailto:hello@cloudknowhow.eu)

### Visit our website

HQ—[www.cloudknowhow.com](http://www.cloudknowhow.com)

EMEA—[www.cloudknowhow.eu](http://www.cloudknowhow.eu)

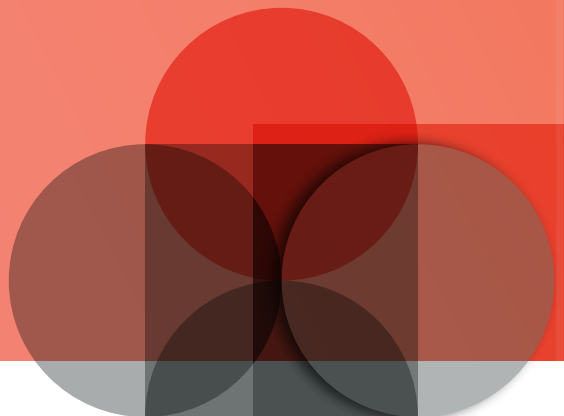

### Main benefits:

- If you're already using Office 365, migrating to Outlook / Exchange online will give you an integrated platform where your email client and your applications and software work in perfect harmony
- Better functionality which will allow greater productivity and collaboration. These include: group inboxes, shared calendars, and conversation tabs
- Better security with inbuilt tools that protect against viruses and spam and advanced archiving abilities
- Flexible deployment – cloud-based or hybrid. You can make the most of your existing infrastructure and just move certain users or groups to the cloud with a hybrid deployment (if being fully cloud-based doesn't work for you)
- Simplified management for admins.

### Why Cloud Know How?

We'll help you find the right solution for your specific needs. Understanding what you need, to ensure that you achieve your business goals, is important to us. That's what our customers love about us:

"... after discussions with Cloud Know How we decided they were the people we wanted to use to migrate us to Office 365 with a split on-site and cloud solution." - Vardells Ltd.
